Nothing happens with email templates

When I add a new company, I get this below

FAQ is more so for the user or manager to understand the system operations

Drag a field from the right to this area

- Autocomplete
- Button
- Checkbox Group
- Date Field
- File Upload
- Header
- Hidden Input
- Number
- Paragraph
- Radio Group
- Select
- Text Field
- Text Area

Enter Form Name

Create form

Forms are starting to look good. I tried to build one but it wouldn't save. I need a signature capability. And a photo capability.
